

T11 5 minute Forest School Plan

...print and scribble away!

Date: 03/02/20
Group: Playschool
Location: Pinewoods

What is the THEME?

Imagination
+
Creation

How does it fit in to previous or future sessions?

Children were exploring what they could find last week on the floor. This week we are using things we find.

Objectives

- Create fairy wands by finding wool and wrapping sticks
- Create potions in jars

How will you differentiate these activities?

- Some children will need help wrapping their sticks

What sequence could your activities follow?

Activity 1

Tell the children a story about the wind blowing the fairy magic away. Show them a premade wand.

Activity 2

Ask the children to find a magic wand. Talk about what kind of stick is best.

Activity 3

Ask the children to find 'magic' wool. Show them how to wrap it around their wand.

Activity 4

Introduce some jars and see if we can make 'potions' with found items + water. What does our potion do?

Health and safety issues?

Some children weren't here last time. Recap the rules! Put the ropes lower down

What tools or equipment will you need?

- different coloured bits of wool
- jars of different sizes
- general FS kit

Opportunity for reflection?

Take our wands back to playschool to role play
